

 <p>Advanced Energy Inc. (AEI) design and manufacture highly engineered, precision power conversion, measurement, and control solutions for mission-critical applications and processes. AEI Brands include Artesyn/Astec, Excelsys, UltraVolt, SL Power. Product offering includes AC/DC Power Supplies, DC/DC Power Supplies -Standard, modified and custom power supplies.</p>	 <p>CUI Devices is an electronic components manufacturer specializing in an ever-expanding range of product technologies. Product offering includes a wide range of Audio, Interconnect, Motion, Sensors, Switches and Thermal Management products.</p>	 <p>Heatscape was established in 1999 with the goal of providing advanced thermal engineering and design services to customers in Silicon Valley with increasing thermal and mechanical challenges.</p>
 <p>KINGBRIGHT ELECTRONIC CO., LTD.</p> <p>Kingbright is a leading manufacturer of innovative LEDs for over 30 years. They offer the most comprehensive LED product line in the industry, which includes SMD LEDs & Displays, High Brightness LEDs, Through-Hole LEDs & Displays, Circuit Board Indicators, and other LED-related products.</p>	 <p>A world leader of thermal solutions in performance and reliability, Sanyo Denki offers lower power consumption and high air flow at dramatically reduced noise levels, boasting the highest life expectancy hours for its fans in the industry.</p>	 <p>Swissbit was created through a management buy-out from Siemens Semiconductor in 2001. With over 20 years of experience in the memory & storage industry Swissbit has become a world class leader in technology, supplying high quality, high-reliability memory & storage solutions. Product offering includes SLC, 2D/3D MLC and pSLC in a wide range of form factors including M.2, mSATA, eUSB, 2.5, CF, uSD, eMMC, etc.</p>
 <p>Taiwan Semiconductor was established in 1979 and is a market leader in Power Rectifiers, Trench Schottkys, Analog ICs, LED Driver ICs, Power Transistors, and MOSFETs. The production facilities in China and Taiwan are fully compliant to current automotive and environmental standards such as IATF16949, ISO9001 and ISO14001</p>
